

CUTTING YOUR CLOTH?

Money's tight and you've got debts to pay off. So that insurance policy might seem too extravagant. Think again.

Around a million people in the UK suffer an injury or a serious illness that means they can't work for a month or more.* Ill health can happen to anyone, any time. But income protection could provide you with an income if you're too ill to work. How else would you plan to pay your credit card bills?

Don't let debt payments pile up if you're seriously ill and can't work.
