

DON'T BE LEFT OUT IN THE COLD

**How would you keep a roof over your head
if you couldn't work because of illness or injury?**

Income protection gives a monthly income to help with your bills if you can't work due to illness or injury, as long as you meet the definition of incapacity.

So it could stop you having to dip into your hard-earned savings –
which might not last as long as you think anyway.

Keep yourself covered. Make sure you protect what matters most.
